22nd Congress of AIHV- Association Internationale pour l'Histoire du Verre
Second circular: Provisional Programme and Congress Registration

The 22nd Congress of the Association Internationale pour l'Histoire du Verre will take place in Lisbon, Portugal, **from Monday 13th to Friday 17th of September 2021**. This congress will be organized by VICARTE Research Unit and Department of Conservation and Restoration from the Faculty of Sciences and Technology, NOVA University of Lisbon.

The scope of the AIHV 22nd Congress embraces all strands of glass knowledge and invites authors to submit their contributions to a wide range of fields of interest around glass. Submissions related to all aspects of glass history will be welcome but special attention will be given to the use and diffusion of glass "on the two sides of the Atlantic" from antiquity to modern times.

Due to the COVID 19 pandemic, **the congress will be held in a fully virtual mode**. We will have an exciting program with online museum visits, several chat rooms to talk and discuss ideas among peers, a poster session, and a session dedicated to students... it is not to be missed!
